Olamide Olojede

PROFESSIONAL SUMMARY

Accomplished software developer with expertise in Java, JavaScript, and Dart, specialising in building robust applications using Spring Boot, Hibernate, and React.js. Proficient in SQL and experienced in leveraging microservices architecture with Docker and Kubernetes to enhance system scalability and performance. Adept at utilising Git for version control and skilled in implementing test-driven development with JUnit and Mockito. Demonstrated ability to integrate Apache Kafka for real-time data processing. Committed to advancing software solutions that drive business success.

WORK HISTORY

Full Stack Developer Instructor 10/2024 - Current
NIIT

- Company Overview: Largest IT training company in Nigeria
- I am a passionate Java Instructor with a proven track record of teaching and mentoring students in Java programming, object-oriented principles, data structures, and algorithms.
- Experienced in designing and delivering structured curricula, hands-on coding exercises, and real-world projects to enhance practical learning.
- Skilled at breaking down complex concepts into easy-to-understand lessons, catering to students of varying skill levels-from beginners to advanced developers.
- Proficient in using modern teaching methodologies, interactive coding sessions, and project-based learning to reinforce key programming principles.

APPLICATION DEVELOPER 09/2024 - 12/2024
Olabisi Onabanjo University

- I helped in analyzing and interpreting project requirements.
- Produced clean, error-free code to meet aggressive timelines.
- Demonstrated excellent problem-solving skills during debugging sessions.
- Produced clean, efficient code based on specifications, contributing to high-quality software.
- Built secure applications to safeguard sensitive data from potential threats.
- Resolved complex technical issues, enhancing overall system efficiency.
- Integrated third-party services into applications, providing comprehensive functionality.

JAVA INSTRUCTOR 05/2024 - 09/2024
Norak Technologies

- Advised students in degree path choices, academic challenges and internship opportunities.
- Presented lessons on Java programming, Spring Framework, data structures and cybersecurity measures.
- Assigned grading and administrative tasks to teaching assistants and evaluated performance aligned with program goals.
- Evaluated and graded students' class work, laboratory work, assignments, and papers.

EDUCATION

Bachelor of Engineering (B.Eng), 10/2019 - 05/2024
Olabisi Onabanjo University

AWS Cloud Practitioner and Solution Architect, 01/2025 - Current
Amazon Web Services (AWS)

PERSONAL INFORMATION
